take a flag with pole made from two 3' pieces of solid maple or solid aluminum that can be tightly screwed together. It is a "Bo" very effective weapon when used in the abdomen or throat in jabbing moves.

Watch some movies to get an idea of its use. You can separate into two parts and put in checked baggage. It's a flag.

24:25 - front thrust, very effective, again, watch the breathing of this guy. It's correct.
